

# 2019 KIPA-KOICA-UN DESA INTERNATIONAL FORUM

Public Governance & International Development Cooperation for Realizing the SDGs

June 10th (Mon), 2019, 13:00-18:00  
Korea Press Center, International Conference Hall (20F)

## Invitation

In the beginning of June, which is the threshold of summer, KIPA, KOICA, and UN DESA will be holding the 2019 KIPA-KOICA-UN DESA International Forum on “Public Governance & International Development Cooperation for Realizing the Sustainable Development Goals (SDGs).”

This tripartite event is significant as it provides opportunity to share experiences and knowledge on strengthening institutional effectiveness in international development cooperation projects. Moreover, it will offer a comprehensive perspective on the projects that have been conducted by various organizations and ministries, while reviewing innovations for greater impact of development cooperation to accelerate achievement of the SDGs.

In addition, the three organizations hold this forum to discuss topics and issues such as strategy, impact, and partnership for successful achievement of the SDGs with well-known experts and key personnel at home and abroad in the field of international development. Through this opportunity, we will be also able to gauge potential areas and opportunities for future collaboration.

We hope that this event will be a meaningful occasion for everyone interested in public governance and the SDGs to understand and learn more from each other.

Thank you.

- Seong-ho Ahn** President of Korea Institute of Public Administration
- Mi-Kyung Lee** President of Korea International Cooperation Agency
- Chae Gun Chung** Head of United Nations Project Office on Governance (UNPOG)/DPIDG/UN DESA
