The Challenge of Resilience

(Source: UNDRR 2019)

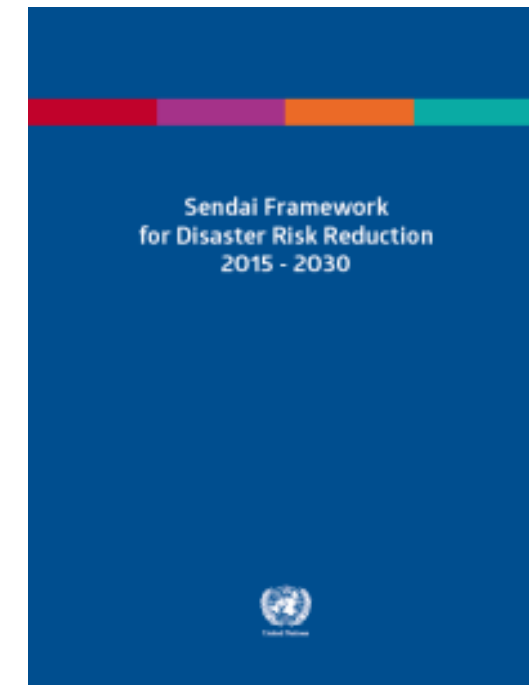

United Nations

Department of
Economic and
Social Affairs

Building Capacity for Resilience

- Urgent need and demand for capacity development on disaster risk reduction policy – Sendai Framework with global agendas
- *Need to target civil servants – national and local + stakeholders*
- *Tools available include: Scorecards for local governments (to aid diagnostics and planning) – City and Health*

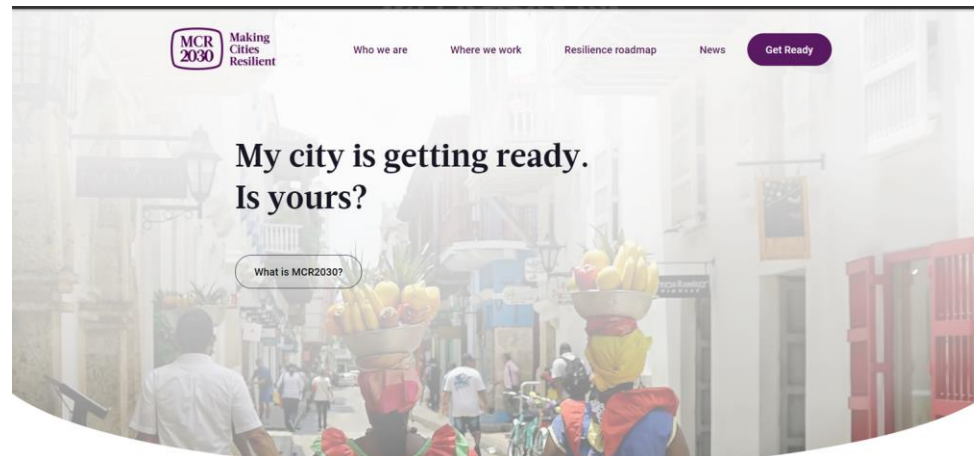

United Nations

Department of
Economic and
Social Affairs

Building Capacity for Resilience

- UNDRR GETI trains over 1000 civil servants per year
- *Easy to use and freely accessible tools*
- *Making Cities Resilient 2030 gives access to a global partnership*

MCR Assessment & Planning Tools
